To Whom It May Concern:

It is with great pleasure that I write this letter on behalf of myself and everyone here at MKS regarding Stephen Welton and the entire team at KOPYR Integrated Systems & Services and their superior service.

KOPYR Integrated Systems has provided Maynard Kischer Stojicevic with our office photocopiers for over 10 years. For the past 5 years, I have worked closely with Stephen, their service technician and customer service for all our machine needs. They are very informative, courteous and helpful when it comes to handling the smallest or biggest tasks. I have found KOPYR Integrated Systems incredibly invaluable during our transition to our new Toshiba Color Photocopier. Our office is a very busy environment with virtually no down time. Knowing Stephen and their great team are there to assist promptly if any technical issues may arise gives us great tranquility. The Toshiba Color Photocopier has significantly increased our productivity with very little to no issues since installation.

Due to the great service provided by KOPYR Integrated Systems team, I have switched all of our office machines to be provided through them.

I have no hesitation recommending people to do business with KOPYR Integrated Systems & Services as they are incredibly informative.

Should you have any questions please feel free to contact me at any time.

Yours truly,

**MAYNARD KISCHER STOJICEVIC**
